Friday 2<sup>nd</sup> February

Dear Parents/Carers,

Last term we sent home an activity grid containing optional tasks for pupils to complete at home with their families. We had some fantastic pieces of art work, amazing creations, and super photos sent in, which detailed the tasks the pupils had completed. Following the success of last terms activity grid we are sending out a brand new one for the spring!! Your son/daughter can complete as many of the activities as they would like; they have all been chosen as they can be interpreted in a variety of ways and completed alongside family members. On Friday 20<sup>th</sup> April, there will be a celebration afternoon where pupil's activities will be on display, and, certificates for taking part will be awarded. We would love to see as many of you there as possible to join us in celebrating your child's activity grid achievements. So, go wild with the glue, crazy with the camera and let your imaginations take over!

If you have any questions about the activity grid or the celebration afternoon please feel free to contact me or speak to your child's teacher for more information.

Thank you for your continued support.

Regards,

Emily Miles

## KS2 Topic Grid Years 3, 4, 5 and 6

Create a junk modelling masterpiece.	How creative can you get with vegetables? Cook them, paint with them, build with them - let your imaginations do the work!	Sing it, dance it, act it out. Create a performance that lasts 2 minutes.
Complete an activity of your choosing related to one of your class topics in the spring term.	Collect and remove 3 bits of plastic from the beach.	Create a set of instructions for something you have made.
Create a poem or song about Penryn Primary Academy.	Create a short fitness routine to teach somebody else.	Adopt a rock – collect a rock from a local beach and decorate it. What will it eat? What are its predators?

## PTO for Reception and KS1 Topic Grids

## Year 2

Create a junk modelling masterpiece.	How creative can you get with vegetables? Cook them, paint with them, build with them - let your imaginations do the work!	Sing it, dance it, act it out. Create a performance that lasts 2 minutes.
Write a letter to a member of your family	Collect and remove 3 bits of plastic from the beach.	Take a photo of a Penryn landmark and find out three facts about it.
Build a home for wildlife.	Find out how many different kinds of animals live near your home.	Build a shoebox house for a mouse!

## Year 1

Create a junk modelling masterpiece.	How creative can you get with vegetables? Cook them, paint with them, build with them - let your imaginations do the work!	Sing it, dance it, act it out. Create a performance that lasts 2 minutes.
Grow a plant/seed.	How many plants can you find in your garden or a park near you?	Make a sculpture or picture using natural materials.
Find a rainbow of colours.	Tell the story of Jack and the Beanstalk to a friend.	Go on a barefoot walk.

## Reception

Create a junk modelling masterpiece.	How creative can you get with vegetables? Cook them, paint with them, build with them - let your imaginations do the work!	Sing it, dance it, act it out. Create a performance that lasts 2 minutes.
Tell the story of the gingerbread man.	Create a gingerbread man, bake him, draw him, paint him, it's up to you.	Go on a wellie walk, what did you find, hear, feel?
Discover 3 different ways of balancing.	Design your own PE warm up.	Investigate what toys your grandparents grew up with.
