However, the gap in achievement between PP and non-PP children closed compared to last year in Phonics.</li> <li>Key Stage 2 – There is still a negative gap between the performance of PP and non-PP children when comparing the combined attainment of reading, writing and maths to the required standard. The largest gap appears to be in maths.</li> <li>The gap closed for the higher attainers however.</li> </ul> | Progress was made in the areas where support was most carefully<br>targeted i.e. phonics. A lack of progress information over the year<br>meant that we did not track impact as closely as we should.<br>The support will be increased through the appointment of the pupil<br>premium lead and will be based on better information.
